CAUSE

On July 18, 2006, Curtis submitted to a drug screen which tested presumptive positive for cocaine. After receiving confirmation of his drug positive, Curtis admitted to using ecstasy on July 17, 2006, while he was at work (a local bar), but denied using cocaine. This is Curtis' third drug positive and he will reenter outpatient treatment at CAP. Prior to this violation, Curtis attended CAP, but was unable to complete due to transportation problems. Curtis has agreed to the above modification and signed Probation Form 49. If Curtis fails to complete his drug treatment, tests positive again, or violates his home confinement, a revocation hearing will be recommended. In addition, Curtis is currently attempting to secure more suitable employment.
